Featuring the Train Cars and Weapon Depicted in “Operation Yashima,”
Released to Celebrate the TV Anime’s 30th Anniversary**

**“PLARAIL NERV Private Railway Shimofutagoyama Branch Line ‘Operation Yashima’ DD51 & Shiki 880 (B2 Beam) Heavy Capacity Flatcar”
“SHINKALION CW SHINKALION 500 TYPE EVA POSITRON FORM”
To Be Launched Saturday, December 6, 2025**

TOMY Company, Ltd.

TOMY Company, Ltd., based in Katsushika Ward, Tokyo, will release collaborative products with the “PLARAIL” train toy series to commemorate the 30th anniversary of the TV airing of the popular “EVANGELION” animation series. The **“PLARAIL ‘EVANGELION:1.0 YOU ARE (NOT) ALONE.’ NERV Private Railway Shimofutagoyama Branch Line ‘Operation Yashima’ DD51 & Shiki 880 (B2 Beam) Heavy Capacity Flatcar (hereafter, “Operation Yashima’ DD51 & Shiki 880”)**” (SRP: JPY 4,950 / tax included) and **“SHINKALION CW SHINKALION 500 TYPE EVA POSITRON FORM”** (SRP: JPY 7,920 / tax included), two products inspired by the train cars and weapon depicted in “Operation Yashima” of the “EVANGELION:1.0 YOU ARE (NOT) ALONE.” movie, will be released on Saturday, December 6, 2025, at toy stores, toy sections of department stores and mass retailers in Japan, the specialty store for TOMICA/PLARAIL products “TOMICA PLARAIL Shop,” online stores, and TOMY Company’s official online store “TOMY MALL” (takaratomymall.jp), etc.

Additionally, from “TOMICA” die-cast miniature cars, the **“tomica Premium unlimited 04 ‘Evangelion:New Theatrical Edition’ MAZDA COSMO SPORT”** (*) (SRP: JPY 1,320 / tax included) is scheduled to be released in the middle of December 2025.

The **“PLARAIL ‘EVANGELION:1.0 YOU ARE (NOT) ALONE.’ NERV Private Railway Shimofutagoyama Branch Line ‘Operation Yashima’ DD51 & Shiki 880 (B2 Beam) Heavy Capacity Flatcar”** is a PLARAIL toy set that recreates the DD51 and Shiki 880 appearing in the movie as a 3-car train. The Shiki 880 train car appearing in the “Operation Yashima” scene of the movie is a heavy capacity flatcar that fulfills an essential role as the lynchpin electric power transmission that gathers electricity from across Japan and supplies it to Evangelion Test Type-01’s positron cannon. It depicts the details of the train car that appears in the movie while adding in PLARAIL’s signature deformation. The **“SHINKALION CW SHINKALION 500 TYPE EVA POSITRON FORM”** appearing from the “SHINKALION CHANGE THE WORLD (CW)” series is a set that includes the “SHINKALION 500 TYPE EVA” developed based on combat data from “Operation Yashima” and the “ERDA POSITRON RIFLE” support vehicle based on a positron motif. The “Outdoor 275 kV ultra-high voltage conventional transformers,” included with the set of the **“‘Operation Yashima’ DD51 & Shiki 880”** can also be mounted on the SHINKALION’s back, allowing fans to enjoy both products together. Previous collaborations that combined the unique styles of both works — such as the “SHINKALION 500 TYPE EVA” launched in 2017 — have received a lot of feedback, inspiring the development of this new product based on “Operation Yashima.”

Both products can be enjoyed together.

“PLARAIL” toys that recreate vehicles from the EVANGELION movie

■ Recreates the pivotal train cars from the climax scene of the movie!

This PLARAIL toy recreates the DD51 and Shiki 880 equipped with “Outdoor 275 kV ultra-high voltage conventional transformers” that appear in the “EVANGELION:1.0 YOU ARE (NOT) ALONE.” movie as a 3-car train. PLARAIL’s highly popular DD51 train car is making its first appearance as a product for the “PLARAIL” series for those who seek even deeper enjoyment of “railways.” Shiki 880 comes with number stickers that can be changed freely. This product is packed with elements that will inspire the imagination while playing.

*Tracks not included.

Package Contents: 3-car train
Motor car and trailer car (DD51), heavy capacity flatcar (Shiki 880)

Scene from the “EVANGELION:1.0 YOU ARE (NOT) ALONE.” movie

“SHINKALION” celebrating its 10th anniversary × “EVANGELION” celebrating its 30th anniversary

■ The SHINKALION developed based on Operation Yashima combat data

The “SHINKALION 500 TYPE EVA,” which utilizes the SHINKALION CW series’ transformable structure, comes with the “ERDA POSITRON RIFLE” (an Evolution Railway Development Agency self-propelled 460 mm positron cannon) based on the “POSITRON RIFLE” appearing in the Evangelion movie.

Scene from the “EVANGELION:1.0 YOU ARE (NOT) ALONE.” movie

The positron cannon developed by the Japan Strategy Self Defense Force’s Technical Research Institute that appears during the movie was conceived to be self-propelled, but during Operation Yashima, it appeared as a fixed artillery battery. That self-propelled concept is set to be materialized as an ERDA vehicle by SHINKALION CW’s “ERDA (Evolution Railway Development Agency)” based on Operation Yashima combat data. The “SHINKALION” line has had several collaborations in the past, and that is exactly why this product can live up to the expectations of fans of both works.

Features a scope mounted on the right shoulder of EVA-01 and comes with the parts inspired by the motif of “G-Unit”

Includes the Evolution Railway Development Agency’s self-propelled 460 mm positron cannon and comes with the “ERDA POSITRON RIFLE”

■ Comes with the “G-Unit” scope equipped to Evangelion Test Type-01

It comes with parts based on the motif of the “G-Unit” scope for precision sniping equipped to the right shoulder of Evangelion Test Type-01. Enjoy a style of play unique to SHINKALION CW.

■ The two “EVANGELION” collaboration products can be combined together

It is also possible to equip the “Outdoor 275 kV ultra-high voltage conventional transformers” that goes with the “Operation Yashima’ DD51 & Shiki 880” onto the SHINKALION’s back. Combining both collaboration products that commemorate the “Evangelion” series’ 30th anniversary allows for the enjoyment of the “Operation Yashima” scene during the movie in a world view unique to a PLARAIL series.

*The beams and other effects in the image are for visual representation purposes only.

Special video featuring collaboration products

- A special video that recreates the “Operation Yashima” scene from the original movie blending it with the unique style of the PLARAIL series

■ **About “EVANGELION” Series** 30th.evangelion.jp/

“Neon Genesis Evangelion” is a TV series aired in 1995 that gave rise to a social phenomenon. From 2007, it was rebooted as the “Rebuild of Evangelion” series, after which the three movies of “EVANGELION:1.0 YOU ARE (NOT) ALONE.,” “EVANGELION:2.0 YOU CAN (NOT) ADVANCE.,” and “EVANGELION:3.0 YOU CAN (NOT) REDO.” were released and recorded a huge success. It has consistently gained new fans and received support from a diverse audience. “EVANGELION:3.0+1.0 THRICE UPON A TIME” is the fourth and final work in the new theatrical edition series. Released on March 8, 2021, the film recorded a final box-office revenue of JPY 10.28 billion and audience numbers of 6.73 million people. It is currently available to watch exclusively on Amazon Prime Video in Japan.

■ **About “PLARAIL”** www.takaratomy.co.jp/products/plarail/

“PLARAIL” is a long-running series of railroad toys that marked its 65th anniversary of the sales launch in 2024. It is a brand loved across three generations. The prototype of “PLARAIL” is the “PLASTIC TRAIN AND RAIL SET” which was launched in 1959 as a toy made from plastic, a new material at that time when metal and wood-made toys were the mainstream. The iconic blue rails were designed in a size allowing it to be played on the “chabudai” (a low, Japanese-style dining table), which families gathered around to have a pleasant time back then, and this specification remains unchanged even more than 60 years. We will continue to develop PLARAIL as a brand that will teach children about their society, enhance their growth including creativity, and nurture communication of children and their parents under the familiar and attracting theme of “railway.” Up to present, a total of approximately 2,083 types and more than 191.4 million products have been sold in Japan (as of December 31, 2024).

■ **About “PLARAIL” series** www.takaratomy.co.jp/products/plarail/sp/plarailseries/

This is a product series for those who seek even deeper enjoyment of “railways.” Drawing on the technologies and expertise cultivated with PLARAIL, the Company will provide a lineup of railcars, rails, and scenery that recreate an even more immersive world than ordinary PLARAIL with detailed molding, paint, and more. The “PLARAIL REAL CLASS” is also being developed within PLARAIL as a PLARAIL series for adults that is both “fun to display” and “fun to run.”

■ **About “SHINKALION”** www.shinkalion.com

The “SHINKALION” series is a project based on the original story by three companies, namely JR East Marketing & Communications, Inc., Shogakukan-Shueisha Productions Co., Ltd. and TOMY Company, Ltd. It began in 2015 with the online release of a short animation and the commercialization within TOMY Company’s “PLARAIL” brand of train toys. The TV animation series features “SHINKALION” (2018), “SHINKALION Z” (2021), and “SHINKALION CHANGE THE WORLD” (2024-2025). Additionally, the movie version “SHINKALION the Movie” was released in 2019. By taking advantage of the setting where Shinkansen trains, which actually exist, transform into robots with battles and drama taking place across Japan in a collaborative storyline and more with the “Evangelion” series, among other measures, the “SHINKALION” series has become big content that is exciting for both children and adults. Currently, it is airing a special movie on the “Tomica Plarail World: Norinori Times!!” informative kids’ variety program (now airing on Sunday mornings at 8:30 a.m.) for the network of six broadcast stations affiliated with TV Tokyo.
