# On the Right Track

## Annual Report 2019 Editorial Policy

The TOMY Group publishes annual reports summarizing our overall business, including our history and product lines, performance results and management strategies, and CSR and corporate governance initiatives targeting sustainable growth with the aim of providing our stakeholders with a deeper understanding of the Group's medium- to long-term value creation.

This edition of the annual report includes a message from the president providing an easily understandable commentary on the progress and issues related to the Medium-Term Management Plan launched in Fiscal 2018. In addition, the special feature covers the 60th anniversary of the sales launch of the PLARAIL train toy, introducing the reasons why this brand continues to be loved and trusted by customers along the value chain. Through this, we hope readers gain a clear understanding with regard to the future developments of the TOMY Group, which is on track for further growth. Please visit our website for more details.
